

## Adequate Yearly Progress School Indicators 2005-06

Riverside High School, Grades 10, Boundary County School District

The goal in our school, district, state, and nation is for all students in grades 3 through 8 and 10 to be proficient in reading and math by the spring of 2014. Idaho uses the Idaho Standards Achievement Test (ISAT) and the Idaho Alternate Assessment (IAA) to measure proficiency. This report shows the percentage of our schools' students meeting state goals for proficiency in reading and math and our progress on a third indicator, which is improving or maintaining our graduation rate.
